## (ROCK + FUNK + JAZZ) FUSION

We are a groove-oriented, instrumental three-piece (guitar, bass, drums) from the Bay Area that plays improvisational rocky, funky, jazzy fusion.

With us, interplay is the name of the game as each member feeds off the others. Rock-solid beats and jazz tendencies open the door for groove-based, blues-inspired bass lines and a tapestry of infectious melodies and rock-god solos.

Inspired by the likes of David Gilmour, Trey Anastasio, John Scofield, Keith Moon, Gene Krupa, Bill Bruford, Stanley Clarke, Herbie Hancock, Charlie Hunter, Will Bernard, Charles Mingus, Willie Dixon, etc., we bring a healthy mixture of improvisational covers and originals.

We've been thrilled to play at The Jupiter, The Bistro, The Stork Club, Otis Lounge, El Rio and others.
